## The Hance Road.

It gives us great pleasure to be able to say that the proposed improvement of this road is a fixed fact, and work will be begun on it next week. Messrs. Hance and Dilley, of Palestine, with an engineer furnished by the railroad company, went with our committee out on the line this week and located the road. The railroad company give \$250 towards the work and Hance and Dilley \$50.

This is a great step in the right direction.

The report of the drowning of Rev. Mr. Fuller last week, happily proved untrue. His horse was drowned, but he himself escaped. The mail carrier on the Luling route also lost two horses by drowning.

## Card from O. T. Brown, Esq.

MR. EDITOR:—So far as I know, I am the only person yet publicly announced as candidate for the office of County Attorney of Hays county. I believe that other members of our local bar have had greater encouragement to offer for this position than have I. I think it certain that such of them as could be induced to accept the office, are restrained from allowing themselves to be offered as candidates for it, by the fact that the present incumbent is himself a candidate for it, and that such restraint will last so long as his candidacy.

I think such self-imposed restraint is owing to their generosity of sentiment towards me. Election to office under such circumstances were no evidence of what would be the choice of a majority of voters. These reflections have taken such strong hold upon my mind that I have determined to withdraw.

Please publish this as my public withdrawal from the candidacy for the office of County Attorney.

Respectfully,

O. T. BROWN,  
SAN MARCOS, TEX., Aug. 6th, 1880.

The FREE PRESS office is doing some very tasteful job printing, at low rates. One thing is now certain—if our business men will persist in sending off their printing, it will not be because it cannot be as well and as cheaply done at home. Call and see specimens and leave orders.

MR. PRIGGS now keeps a nice boat in readiness for the convenience of visitors to the head of the river, for the use of which he will only require a small consideration. We are glad to note this fact, for no visitor to our town should be permitted to go away without having made this boat trip presenting as it does, a scene of fairy beauty which the world can scarcely parallel.

## Mountain City Items.

### DEPOTS.

The plaintive cry of an editor calling for local dots I can no longer refuse to heed. But how shall anything of interest come out of a place whose hopes are blasted, whose future glory is all eclipsed? The depot which we hoped would be located centrally to the old Mountain City community, has been located at Ferg Kyle's, and since there is to be a tap rail-road thence to Lookhart, there will be a big town built up—at Lookhart. But our disappointment has been somewhat relieved in the location of another depot, it is said, at the Trimble place, about three miles north of Mountain City. That will save the people in this neighborhood from going back to Kyle's or from travelling an almost impassable road to Bear Creek in order to reach a depot.

The cars are now running to the bridge on Williamson Creek. It is said they will reach Onion this week, but that is doubtful as the grading between Lobensky's Branch and Onion is not yet completed, and the bridge over the former is just commenced.

There has been an abundance of rain of late and the cotton crop is again promising a large yield of the fleecy staple. The greatest fear now is from the cotton worm. On a visit to Gonzales county last week I was told that the farmers were destroying the cotton millers by placing in the fields a number of large tin lamps under which the insects, as they sing themselves and fall into the water and are caught by thousands. They also protect their gardens in the same way. The gentleman who related these facts said that it was curious to behold the varieties of bugs, flies and creatures unknown that would thus be caught and destroyed in the watery trap.

### AN EXTENSIVE CAVE.

Mr. C. G. Lathrop, formerly of Austin, is improving a place in the Maysprairie near Mr. Wilkes. A cave of considerable interest and it may be of great pecuniary importance has been discovered on his place and partially explored. The stalactites are said to be numerous and very beautiful, and what is curious about it is that there is said to be a fine breeze blowing all the time in the cave. It is also the habitat of thousands of bats, and there is a vast deposit of bat guano which may become a source of profit to Mr. Lathrop.

### A CAMP MEETING.

The Cumberland Presbyterians of Live Oak and Mountain City commence their annual camp meeting at the former place on Friday the 6th inst., under the supervision of Rev. Mr. King, the pastor. Several distinguished preachers are expected, among them Dr. Poidexter of Austin and Rev. A. Young of Waco. These camp meetings are more like those of a former day in the old states than anything the writer has ever seen in Texas.

### ALEXIS.

### ALPHONSO.

### Don't Be Imposed upon.

Counterfeiters are ever on the alert to find fresh fields to work, but they never imitate a worthless article. Day's Kidney Pain was discovered about twelve years ago, and since then a host of chaps without skill or conscience have sought to imitate it by many worthless affairs: but a discriminating public will "hold fast" to that which is good, and the Day Pain more than holds its own. It cures all kidney diseases and succeeds where medicine often fails. Ask your druggist if this is not so.

### What Better Evidence

could the people ask to substantiate the merits of Dr. Pierce's Family Medicine than the fact that they have not only yearly grown in popular favor in this country, but the foreign demand for them has become so great as to necessitate the establishing a branch of the celebrated World's Dispensary in London, England, that these blessings to the afflicted may be dispatched from that greatest commercial centre of the world to every country and people? Golden Medical Discovery is a concentrated, potent, alterative, or blood cleansing remedy, that wins gold

on opinions of all who use it for all humors from the common pimple to the formidable scrofulous swelling. Internal fever, soreness and ulceration, yield to its benign influence. Consumption, which is but a form of scrofulous affection of the lungs, may in its early stages be cured by a free use of this God given remedy. See article on consumption and its treatment in "Invalid's Guide Book"—10 cents post paid. Address, World's Dispensary Medical Association, Buffalo N. Y.

Worcester, Mass. Feb. 3rd 1879.

Dr. R. V. Pierce:  
Dear Sir—With trembling hand from my extreme age, being eighty five I write to inform you of the great benefit your Golden Medical Discovery and Pills have been to me. Three years ago I was prostrated with pneumonia, and no one thought I would recover. By the use of these medicines I was raised to health, and by the blessing of God and your medicines I have enjoyed pretty good health since, though for years before this I suffered from weak lungs and a bad cough. gratefully yours, Mary B. Fisk.

### "Gratitude and Duty."

Hon. Wm. D. Kelley says in a letter to Dr. Starkey: "Gratitude to you and duty to those who may be suffering as I was from Chronic Catarrh and almost daily effusions of blood in greater or less quantities, impel me to say to you, and to authorize you to give any degree of publicity to my assertion, that the use of your Compound Oxygen at intervals has so far restored my health that I am not conscious of having discharged any blood for more than a year; and my cough, the severity of which made me a frequent object of sympathy, has disappeared." Our Treatise on Compound Oxygen sent free. Address Drs. STARKEY & PALLEN, 1109 and 1111 Girard St., Phila.

### In Memoriam.

At 8 o'clock Saturday morning July 31 little "Pearl" youngest child of Capt. E. B. and Mrs. J. G. Martin, sweetly, gently entered into dreamless rest.

"Death early closed her mortal frame  
Of life and love well writ  
And angels watched her spirit home:  
None purer welcomed it."

Her illness, membranous croup, was brief and fatal. Scarce had the wires borne the message to the fond father far away, that Pearl was sick, when a few hours later followed, "She is dead."

Our heartfelt sympathies are with the afflicted parents in this their first great grief. And may they in christian resignation truly say, "Not ours, but thy will, oh Lord, be done." G.

### Died.

On Saturday last the 31st inst., at her residence near this place, Mrs. HARRIET M. EICHELBERGER, aged 57 years 1 month and 11 days.

### Tribute of Respect.

WHEREAS, It has pleased the Great Architect of the universe to remove from our midst our late brother, G. W. CRUNK, who has been a true and consistent Mason for a number of years, and

WHEREAS, It is but just that a fitting recognition of his many virtues should be had, therefore be it  
Resolved, By San Marcos Lodge No. 342 of Ancient Free and Accepted Masons, that while we deeply deplore the death of brother Crunk, we bow with humble submission to the will of the Great Divine.

Resolved, That in the death of brother G. W. Crunk, this Lodge has lost a true and consistent member, society a valuable and active citizen, one who was ever ready to assist the weak and friendless, and lend the ear of sympathy and voice of consolation to the distressed.

Resolved, That the heartfelt sympathy of this Lodge be extended to his family and friends in their affliction.

Resolved, That these resolutions be spread upon the minutes of this Lodge, and a copy thereof be furnished to the family of our deceased brother.
